BOOK APPOINTMENT

Appointment has been booked successfully!

## Updated:

Calendar Page:

Although most of our calendar design will remain the same as the original design, we have made some minor changes. The default display of the calendar is now monthly instead of weekly, to make it easier to view appointments at a glance, since appointments are usually booked for a month or more into the future and not within the same week.

## Staff Schedule

Original: N/A

Updated:

Staff Schedule Page:

Logo	Date												
<div> Home</div> <div> Calendar</div> <div> Staff Schedule →</div> <div> Patient</div> <div> Account Management</div> <div> Logout</div>	<div>Staff Schedule</div> <div>Staff schedule for "Date"</div> <table><thead><tr><th>Name</th><th>Shift</th><th>Notes</th></tr></thead><tbody><tr><td>Sarah Brown</td><td>9:00 am - 5:00 pm</td><td>N/A</td></tr><tr><td>Dr. Gerald Jinx Mouse</td><td>9:00 am - 5:00 pm</td><td>On vacation next week</td></tr><tr><td>Dr. Thomas Jasper Cat</td><td>Unavailable</td><td>Out due to injury from Dr. Mouse</td></tr></tbody></table> <div><div>Previous Day</div><div>Current Day</div><div>Next Day</div></div>	Name	Shift	Notes	Sarah Brown	9:00 am - 5:00 pm	N/A	Dr. Gerald Jinx Mouse	9:00 am - 5:00 pm	On vacation next week	Dr. Thomas Jasper Cat	Unavailable	Out due to injury from Dr. Mouse
Name	Shift	Notes											
Sarah Brown	9:00 am - 5:00 pm	N/A											
Dr. Gerald Jinx Mouse	9:00 am - 5:00 pm	On vacation next week											
Dr. Thomas Jasper Cat	Unavailable	Out due to injury from Dr. Mouse											

Originally, the plan for the staff schedule was to mimic the calendar page and be laid out exactly like that. However, with the staff schedule, rather than patient appointments. When we began development, we realized this layout wasn't beneficial for the staff schedule page. So, using the feedback we received for the other pages, we set out to design a very simple, but informative page and came up with the above design.

## Patient Page

### Original:

Patient Page:

The original design features a header with a logo, page name, and date/time. A sidebar on the left contains navigation links. The main content area is divided into a 'Quick Options' section and an 'Alberta Health Card' section. The 'Quick Options' section lists four items, with the second item 'Look up Patient' highlighted. The 'Alberta Health Card' section contains a text input field and a search button. An error message is displayed next to the input field.

Logo	Page Name	Date & Time
<ul style="list-style-type: none"><li>Home</li><li>Calendar</li><li>Staff &amp; Schedule</li><li>Patient</li><li>Logout</li></ul>	<p>Quick Options</p> <ul style="list-style-type: none"><li>1. New Patient</li><li>2. Look up Patient</li><li>3. ~ ~ ~</li><li>4. ~ ~ ~</li><li>" "</li><li>" "</li><li>" "</li></ul>	<p>Alberta Health Card:</p> <div><input type="text"/></div> <p>Error Message: Not following correct format</p> <p>Search</p>

### Updated:

Patient Management:

The updated design features a header with a logo and date. A sidebar on the left contains navigation links. The main content area is divided into a 'Quick option' section and a 'Patient Lookup' section. The 'Quick option' section contains three items. The 'Patient Lookup' section contains a text input field and a search button.

Logo	Date
<ul style="list-style-type: none"><li>Home</li><li>Calendar</li><li>Staff &amp; Schedule</li><li>Patient</li><li>Account Management</li><li>Logout</li></ul>	<p>Quick option Quick option Quick option " "</p> <p>Patient Lookup</p> <div><input type="text"/></div> <p>SEARCH</p>

Overall, the patient management page has stayed similar to the original design. However, the “quick options” section was changed from vertical to horizontal. This was done as during our peer review session, it was pointed out that it was just taking up too much space, and was taking away from the main focus of the screen. As this was consistently mentioned about the “quick options”, we opted to update it across the board to be a horizontal section.

## Account Management Page

### Original:

Account Page:

The original design features a sidebar with icons for Home, Calendar, Staff Schedule, Patient, and Logout. The main content area contains a login form with fields for Name, Email, Clinic, and Password, and a Confirm button. Handwritten annotations include: 'Logo' pointing to the sidebar, 'Page Name' pointing to the top header, 'Date & Time' pointing to the top right, 'Account Setting' pointing to the top header, and 'October 5, 2022 12:30pm' pointing to the top right. A red arrow points from the Patient icon in the sidebar to the main content area.

### Updated:

Account Management:

The updated design features a sidebar with icons for Home, Calendar, Staff Schedule, Patient, Account Management, and Logout. The main content area displays the user's profile information, including a name, title, and fields for Name, Email, and Clinic. Handwritten annotations include: 'Logo' pointing to the sidebar, 'Date' pointing to the top right, and a red arrow pointing from the Account Management icon in the sidebar to the main content area.

The account page was redesigned to flow better with the rest of the application. As we mentioned on the main page, we dropped the shortcut keys from that section, as they felt out of place. Those shortcut keys were moved into the account page and were implemented into the design to mimic the other “quick option” style. The rest of the tab was just cleaned up and made to look cleaner and simpler.
